

Best Practices Exchanges for Internationalization of Higher Education

- Ioana Mircea
- Corina Marin
- Iulia Elena Gîță

What are the specific objectives?

- to provide key skills and service effectiveness for university staff in organizing the activity in IRO's
- to increase the number and quality of mobilities for (a) students and (b)academic staff
- internationalization at home for non-mobile students
- website (to increase awareness, to offer information about project, to provide updates on activities status and obtained results)

- IMPACT**
- The target group will use the acquired knowledge and skills to improve their transversal skills in international activities.
 - Excellent trained people with increased knowledge in the field of internationalization.
 - Focus on cross-cultural communication and solving problems in an international environment.

How will the objectives be achieved?

- kick-off meeting organized by UCSN
- a joint workshop at LBUS entitled *Best practices exchanges for internationalization of higher education*
- *Best Practices Handbook - a guide with measures to improve the activity in IRO*
- *Dissemination Conference for promoting the project results*

November 2016

Workshop - Best practices exchanges for internationalization of higher education

Nov. - Dec. 2016

Best Practices Handbook

- Measures to improve the activity in the IROs.
- Guidelines for improving the internationalization strategy.
- Types of activities to be implemented for international students, teachers and staff.
- Relevant best practices cases

Dec. - Jan. 2016/17

Dissemination Conference of Project Results

Evaluation of Project and Dissemination of Results

Strategies &
Methods

Best Practices Exchanges for Internationalization of Higher Education Workshop

Strategies to be used during the workshop:

- Mind Mapping
- World Café
- Conversational Leadership
- Co-Creation
- Community of Practice
- Appreciative Inquiry

The list is open to suggestions...

Best Practices Handbook

It will be made on the following structure:

I. Increasing the number and quality of mobilities

- a) students - study and placement mobilities
- b) teachers & academic staff - teaching and training mobilities

II. Improvement of services offered by IRO`s and universities

III. Internationalization at home for non-mobile students

Project manager
Dana Preda

Budget

27.934 Euro

Duration

01.09.2016 - 31.01.2017

Transnational mobility	
LBUS	3750.00
UCSN	2850.00
Staff costs	
Manager	900.00
Trainers	1380.00
Technical	240.00
Teachers	2760.00
Secretary	300.00
Organisation of seminars, workshops, conferences	
Kick-off meeting	2470.00
Workshop (2 days)	3739.00
Conference	2045.00
Preparation and production of project materials/ Publications	
Best Practices Handbook	600.00

IMPACT

- The target group will use the acquired knowledge and skills to improve their transversal skills in international activities;
- Excellent trained people with increased knowledge in the field of internationalization;
- Focus on cross-cultural communication and solving problems in an international environment.

**Impact measurements
- indicators -**

Quantitatively measured through:

- the number of projects or other initiatives which will link to the project in terms of complementarity;
- the number of individual users who are not project members who will visit the web page
- the number of downloads of the Best Practices Handbook

Qualitatively measured through:

- questionnaires during the project activities.
- feedback reports

The list is open to new suggestions...

Best Practices Handbook
